  Detailed information available on the ICARUS Event Calendar:
  http://icar-us.eu/archives/ai1ec_event/icaruswork?instance_id=64

3. Upcoming accounting period

It has been decided unanimously that for the last project year there will only be one accounting period: **01.01.-31.12.2014 (no intermediate reports necessary)**

Since the project is coming to an end, it is imperative to submit the complete documentation. Anything not documented by partners can´t be included into the accounting and risks budget cuts on the respective partner's side.

Reporting and complete documentation needs to be submitted **until 15 January 2015** the latest.
