

**State Archives in Bratislava
together with
Slovak National Museum**

invite you to the international scientific conference

**In rivers confluence
Life on Slovak - Austrian border**

to be held in

19 - 20 March 2013, Bratislava

in the area of Bratislava castle

History of Slovakia and Austria is joined by many common roots. The main idea of the conference is to outline the interaction between Slovakia and Austria in different sphere of life from the oldest time up the end of the 20th century.

Topics of the conference:

- Slovak - Austrian relationships in the archive documents;
- Specific aspects of political, economic, military, cultural and social life;
- Geopolitical space of Lower Austria and west part of Slovakia and their interaction;
- The March and the Danube - connecting and separating elements;
- Significant Slovak persons of political, economic and cultural life operated in Austria (and vice versa);
- Enlightenment (societies, publications, education, etc.).
