1. **Members**

I. Administration

1. Members

In May 2017 ICARUS counts **157** full and **19** extraordinary members from 34 European countries (AL, AT, BIH, BE, BG, CH, CZ, DE, DK, EE, ES, FR, FI, GE, GR, HR, HU, IT, Kosovo, ME, MK, MT, N, NL, P, PL, RO, RS, RKS, SE, SF, SI, SK, UA, UK), the US and Canada.

Please see the list of members enclosed in the attachment at the end of the report.

2. Office and guest room

The guest room in the office premises (Erdberger Laende 6/7 in 1030 Vienna) may be used as overnight accommodation upon prior reservation by ICARUS members as well as scientists doing research in Vienna for free. Requests should be forwarded to Kerstin Muff (kerstin.muff@icar-us.eu) who is in charge of reservations and guest services.

Guests in 2017:

- Žarko Vujošević (Institute for Balkan Studies of the Serbian Academy of Sciences and Arts)

Further guests are always welcome!

3. Financing

From December 2014 until November 2018 ICARUS is partly funded by the project co:op as part of the Creative Europe Cultural Programme 2014-2020.

In order to financially secure ICARUS' infrastructure beyond the project's lifetime, in 2014 it was decided to introduce membership fees.

Currently the ICARUS members are categorized as follows:

- Category A: 121
- Category B: 28
- Category C: 8 (already approved by the Executive Board)
- Extraordinary members: 19

As another main pillar for developing a financial security of ICARUS beyond its participation in funded projects the Friends Association ICARUS4all was founded in 2014. For more information on ICARUS4all see chapter 10.

It is absolutely crucial for the further existence of ICARUS to generate a regular income independently from project funding. Therefore, it is highly important that the ICARUS members take on the responsibility and make their contribution.

4. Personnel

By means of several project grants such as co:op we are enabled to hire the personnel needed to carry out our activities. The staff in 2017 included:

- Rainer Zoubek 50%, Topotheque
- Stefan Ledolter 50%, Topotheque
- Sebastian Aigner 20%, co:op (until December 2017)
- Kerstin Muff 100%, co:op (since Feb. 2018: 20%, co:op)
- Daniel Jeller 75%, Topotheque international
- Sonja Burger 20%, ICARUS4all
- Karl Heinz 20%, co:op
- Dagmar Weidinger 15%, co:op

3. Matricula

ICARUS coordinates on behalf of the St. Pölten Episcopal Archive (AT) the platform for church registers data.matricula-online.eu

Within the last year the following activities had been carried out:

- At the Archdiocese of Gurk (AT) the digitisation activities were completed in September – by now all parish registers are available online.
- The diocese of Graz-Seckau (AT) has 363 parishes online.
- The registers of the evangelical-reformed City Church H.B. in Vienna (AT) were published online in November.
- The diocese Münster (DE) currently has 210 parishes online.
- The diocese Hildesheim (DE) counts 155 parishes online.
- The registers of the diocese Magdeburg (DE) are available since June 2017.
- In June 2017 the first books from the Historical Archives Subotica (SB) will be available.
- The online database covering the entries of the sacramental registers of the diocese of Passau (DE) are available via the GenTeam portal (<http://www.genteam.at>) and since September 2017 also on the website of the archive (<http://gendb.bistum-passau.de>). It contains now more than 3.7 millions entries (baptism, wedding, death). In 2017, the database counted a total of ca. 1.000.000 queries yearly by the GenTeam portal; the number of queries done by the archive website is growing and shows the generally growing interest in genealogy, fostered by digitization.
- The number of monthly users is furthermore stable at approx. 150.000 per month.

4. The Topotheque

Beside "Monasterium" and "Matricula" the "Topotheque" is the third online resource run by ICARUS. This online platform is dedicated to mainly privately owned material (photographs, documents, audio and video files) connected with the local history of a region, that - like the parchment charters and the register books - can be accessed easily by everyone free of charge.

Due to a decentralised organisational structure one commune/village as the smallest unit of

local administration runs its own Topotheque. The content is managed by local volunteers rooted in the village with good knowledge of the local history. They do the scanning work and create the necessary metadata (datation, location, key-wording). ICARUS is responsible for the technical infrastructure and the maintenance and the development of the system.

At present (May 2018) 196 Topotheques are already online:

- Austria: 150
- Croatia: 10
- Czech Republic: 3
- Estonia: 6
- Finland: 8
- Germany: 4
- Hungary: 6
- Italy: 2
- Romania: 1
- Spain: 2
- Sweden: 4

5. EU-funded projects

5.1 Current projects

a) community as opportunity: the creative archives' and users' network

The EU-funded project “community as opportunity – the creative users' and archives' network” (co:op) started in December 2014 and is slowly drawing to an end, it's activities culminating in a final festival (staged in Croatia) and a convention in Naples/IT in late autumn, open to all people interested in the preservation and presentation of our common European History.

As the project is currently within its final year, the project administration is now more important than ever, to make sure all obligations - financial and content related - are met accordingly and on schedule! The submission of a financial and progress report by all partners in Spring 2018 enabled the project administration to get a better view of the current finances and project outcome and offers the chance for possible amendments, where necessary.

Further information on the project aims and activities is available on the project's homepage.

Duration: 01.12.2014 – 30.11.2018
Lead: Hessian State Archives in Marburg, Germany
Project partners: International Centre for Archival Research (ICARUS), National Archives of Hungary (NAH) HU, Budapest City Archives (BFL) HU, National Archives of the Czech Republic (NACR) CZ, Croatian State Archives (HDA) HR, Swedish National Archives (RA) SE, Finnish National Archives (NAFI) FI, National Archives of Estonia (NAE) EE, General Directorate of Archives Munich (GDA) DE, Archive of the Diocese of St. Pölten (DASP) AT, Historical Archives of Bizkaia (AHEB-BEHA) ES, Universidad Complutense de Madrid (UCM) ES,

University of Naples Federico II (UNINA) IT, University Graz (UNI Graz) AT, University of Cologne (UCO) DE, Balkan Institute SANU (BISANU) RS

Funding programme: Creative Europe Programme, Category 2 – Cooperation Projects
Website: www.coop-project.eu

c) MCellA – Interdisciplinary studies on the former Benedictine Monastery (Klein-)Mariazell in Austria

The project aims to comprehensively explore the former Benedictine Monastery (Klein-)Mariazell in Austria, 50 kilometres South-West from Vienna (AT). The project team is currently comprised of 20 people from various disciplines. The research results are continuously being published on the Blog mcella.hypotheses.org and the topotheque kloster-mariazell.topothek.at. A special series of books "Beiträge zu Geschichte, Kunst und Kultur des ehem. Benediktinerstiftes Mariazell in Österreich" is dedicated to print selected studies. The first volume was published in fall 2014: „Zwischen den Zeiten. Der leidende Heiland in der Dornau (Thenneberg)“, published by Thomas Aigner and Andreas Gamerith.

The majority of the project's focus lies on the academic research and analysis of the extensive excavations dating from 1995-1998 of the former abbey church. A team of 4 archaeologists is dedicated to this specific tasks until 2019.

Duration: on-going since 2014
Financing: Cultural Department of Lower Austria, Austrian National Heritage Agency, private funding

6. Further activities

There are 3 project applications ICARUS is currently involved in:

1. In January 2018 the project "**Meet MONA! - MONA**stic culture then and now" was submitted under the Creative Europe Programme Call 32/2017 (category 2 - cooperation projects). The project is basically an advanced and more refined version of the previous submission under the name "CIAp - Claustra Aperta", focussing on monastic, archival sources and their digital presentation to the world. The submission is currently under evaluation - results are to be expected in the course of June.
2. The Digital Humanities Laboratory (DHLAB) at the École Polytechnique Fédérale de Lausanne (EPFL) under the leadership of Prof. Frédéric Kaplan has initiated the application of a European Flagship project under the topic (1) "ICT and Connected Society", subtopic (3) "ICT for Social Interaction and Culture" with a budget volume of 1 billion euros. This project aims at nothing less than building a "**Time Machine**". This Time Machine will make it possible to process and experience historical sources and the therein contained information in innovative and unprecedented ways. ICARUS joined the group of institutions preparing the above-mentioned application as founding partner and delegate Thomas Aigner to be part of the Time Machine Steering Committee. The Time Machine project application has entered into the second application round in May 2018.
3. Under the leadership of the Archives Portal Europe Foundation, ICARUS joined the project application "**Democracy in Europe - A Digital Story**" as project partner under the EACEA.

4. Under the leadership of the Spanish National Archives, ICARUS joined the project application “**Digital Treasures**” as project partner within the Creative Europe Funding Programme.
5. Within the **Chaldean Heritage Group** supporting Father Najeeb in safeguarding cultural heritage in Iran, Csaba T. Stenge (Director at Tatabánya City Archives, HU) paid Father Najeeb a visit to further assess the situation. In spring/summer 2018 archival material (boxes etc.) will be delivered to Father Najeeb, financed by the Dioceses of Passau (DE) and St. Pölten (AT).

6.1 ICARUS magazine “insights”

In early 2015 ICARUS initiated a further activity to advance the teamwork and knowledge exchange between archives and their communities: the magazine insights. It provides information about the international archival community today, including archival institutions as well as the related user groups.

insights aims at shedding light on not only the host of institutions which make up the international network of ICARUS, but also the people in the ICARUS4all community. insights bridges and aggregates the experiences and knowledge of both spheres and strives to inform them of each other by closely cooperating with the archival community that consists of archival institutions and their users alike.

The magazine is issued bi-annually (April/October) in German and English.

Since April 2017 preceding issues of our magazine are accessible online as searchable PDFs. Link to online PDFs: <http://icar-us.eu/en/insights-archiv/>

Magazine covers 01-2015, 02-2015, 01-2016, 02-2016, 01-2017, 01-2018:

7. Friends Association ICARUS4all

The friends' association ICARUS4all was founded on 14 April 2014 as another main pillar of developing a financial security for ICARUS beyond its participation in funded projects. Until 20th April 2018 the friends association ICARUS4all is comprised of **543 members**.

The members of ICARUS4all are all the people behind the network who support the aims and activities of ICARUS. The friends' association is open for everyone who wants to contribute to the sustainable and independent covering of the services of ICARUS' digital archives and who wants to support the continuous development of new projects within ICARUS. Therefore, members form the backbone of a sustainable hedging of ICARUS, the availabilities of its digital internet offerings, and the development of new projects.

Private persons as well as institutions from Austria and abroad have the opportunity to support ICARUS and its platforms with a **yearly membership fee** either as full or reduced members. The category "supporting member" has been dissolved.

Membership fees

Full member:	35,00,- Euro / year
Reduced member (students):	10,00,- Euro / year

The ICARUS4all Board decided that members, who don't pay the membership fees three years in a row will be dismissed. In 2017, the ICARUS4all-Management introduced a new billing mode, which means, that for late payers their unpaid fees are added to the current fee at the start of the year. This led to much more in-payments, than in the previous year. Due to this decision, those 33 members who by 2018 haven't paid the fees four times in a row were deleted from the register. By 20th April 2018, already 59,67 percent are zero in default.

Advantages of the membership:

As a special motivation to become part of the friends association ICARUS4all, all its members have the opportunity to look behind the scenes of archives in Austria and abroad.

This aim has been realised in the last period by one excursion in spring, the „Spätsommerfest“ (late summer party) in autumn and an exhibition-visit. Furthermore, all members receive the ICARUS magazine “insights”. They can actively co-shape ICARUS4all by introducing their propositions, suggestions and perspectives at the general assembly.

7.1 Management ICARUS4all

The management is incumbent upon the Executive Board, chaired by the President, who is in charge of the ongoing business activities and acts as the Association’s main representative. He is supported by two Vice-Presidents. The treasurer, the secretary and their proxies, as well as the co-opted members complete the Board. The Executive Board was first elected by the General Assembly on 7 May 2014 in the Archives of Upper Austria. At the General Assembly on 23rd September 2017 at Klein-Mariazell the new election of the Executive Board for the election period from 2017 until 2020 took place. The new Executive Board represents both, institutions as well as the user perspective, which is a result from previous discussions, having started in 2016. The members originate from Austria and Germany.

The following election proposal has been accepted by the General Assembly:

Board function	Last name, surname
President	Mikoletzky, Lorenz
Vicepresident	Marckhgott, Gerhart
Vicepresident	Wegele, Manfred
Secretary	Amon, Otto
Secretary deputy	Eggeling, Christina
Treasurer	Bachhofer, Heidemarie
Treasurer deputy	Kultscher, Elisabeth
Auditor	Wurster, Herbert
ex officio	Aigner, Thomas

coopted	Rosner, Willibald
coopted	Tschaikner, Manfred
coopted	Schopf, Hubert

In addition to the Executive Board the Advisory Board serves as a consulting committee on matters related to scientific and economic issues and consists of representatives from important stakeholders of the European archival landscape. By 26th April 2018, the Advisory Board consists of 15 members, originating from Austria, Czechia, Germany and Slovakia.

7.2 Executive & Advisory Board - changes

Two members of the Executive Board decided to leave by the end of the term of office, which was in 2017:

- Alexander Schatek (Secretary)
- Cornelia Sulzbacher (Secretary deputy)

At the General Assembly on 23rd September 2017, their functions were undertaken by

- Otto Amon (Secretary)
- Christina Eggeling (Secretary deputy)

By the end of the first term of office, the Advisory Board members Felix Gundacker and Gerhard Tausche retired from their function.

7.3 ICARUS4all members - developments

By 20 April 2018, the Friends Association ICARUS4all consists of **543 members**. The majority (518 members) is German-speaking. 25 members are English-speaking. ICARUS4all members **originate from 22 states**, inclusive of Austria, where the majority comes from. The other countries of origin are (in alphabetical order): Australia, Belgium, Brazil, Croatia, Czechia, Finland, Germany, Great Britain, Italy, Luxemburg, Malta, Netherlands, Poland, Romania, Serbia, Singapore, Slovakia, Spain, Sweden, Switzerland and the United States.

The number of members is **constantly growing**. We observe that new members join ICARUS4all monthly. Between March 2017 and April 2018 the **total growth** amounts to **94** members, which is an increase of 20,94 percent. In the same period of time, 26 members resigned and 33 members lost their membership due to repetitive default of payment.

7.4 Corporate partners - developments

In spring 2016 emerged the idea to open ICARUS4all also for companies from Austria and abroad, which are connected to the archives sector. The aim was to gain through a new target group additional financial support for ICARUS.

Companies can choose between three categories of a corporate partnership:

- “Paper”: 300 Euro/year
- “Papyrus”: 600 Euro/year
- “Parchment”: 1.000 Euro/year

In order to make it easier to convince interested companies of the benefits of a membership, we produced a **folder**, which is also accessible online via the ICARUS-website. The first “companies market” took place at the ICARUS-Meeting #18 at the Budapest City Archives in October 2016 and has in the meanwhile become a fix part of the programme with a growing number of participants.

At the end of the first year (2016) we had five company members. The number increased constantly and by the 20 April 2018 it has grown to **ten members from 5 countries**. All corporate partners are visible at the ICARUS website under the category “our partners”.

Corporate partnership leaflet

The leaflet was produced in German and English.

Corporate partners (by April 2018)

Category	Company name	Country of origin	Accession date

7.5 Activities May 2017 - April 2018

In 2017, the friends association ICARUS4all organised one **half-day excursion** to the **Budapest City Archives** in Budapest (HU) on 12th June 2017. This activity was attended by 10 persons. It was financed within „co:op – the creative archives and user’s network“ and co-organised by ICARUS4all and the Budapest City Archives. For the benefit of our members and to bring archives and users closer together, we invented a new programme point. The participants had the possibility to do some guided **on-site research** and ask staff members concrete questions about the best **use of the archive**. The guided-tour through the archive and workshops, e.g. book binding was held by István Kenyeres, director of the Budapest City Archives.

On 23rd September 2017 we invited our members to join the „**late summer celebration**“ under the motto „Bring your history!“ at the **Basilica Klein-Mariazell** in Klein-Mariazell, a region in the surroundings of Vienna. The programme included visits and guided-tours held by Thomas Aigner (ICARUS) to the numerous cultural assets, e.g. the Basilica Klein-Mariazell, a former Benedictine abbey, which was founded in the early 12th century and repealed 1782. This classy ambience provided the framework for the ICARUS4all-general meeting and the review of 15 years Monasterium. This activity was attended by 37 persons and financed by CARUS4all. In addition to the cultural part, we offered a hiking-tour, which finally ended with a joined dinner on site.

The last activity in that time period was an exhibition-trip to the **South Moravian Museum/Minorite Monastery at Znojmo** (CZ) on the 24th November 2017. The current event was a special exhibition “drent & herent. Zum Leben an der Grenze”, which is a joint project of the museum together with the city museum Hollabrunn. The Czech historian Jiří Kacetl gave a guided-tour through the exhibition and the Minorite Monastery. The activity was attended by 20 persons.

7.6 Dissemination strategy

As we observe a constant growth, even without special dissemination activities, the Executive Board agreed, that there is still no need for it. ICARUS4all gains new members mainly thanks to recommendations by our members, the internet and as a side effect, due to the constant

growing of the ICARUS Online-Platforms Matricula, Monasterium and Topothek. It is still a good way to raise the awareness level of ICARUS4all by talking about it at different events, mainly by the ICARUS-Team itself.

To gain new corporate partners, the “companies-market” at the ICARUS-Meetings has proven to be a good tool. We invite potential partners to attend, which can result in a membership. We observe here as well, that the awareness level grows and that more companies contact us actively thanks to recommendations.

Further information as well as the application form for private persons and corporate partnership can be found on the website <http://icar-us.eu/icarus4all>.
